

October 2018,

Dear Columbia Springs Supporter,

In 2018, Columbia Springs' programs served over 16,000 guests. Over 6,000 grade school students explored wetlands, experienced hands-on science, and learned about the natural world. Thousands of visitors enjoyed nature walks, workshops, service days, and special events.

Columbia Springs counts on Corporate and Private Donors to make our mission possible. We need your support to continue to serve Clark County.

**You can support Columbia Springs in the following ways:**

- **Corporate Partners** donate annually (\$5,000-15,000) and employees attend events such as Hooked on Nature and Kids Fishing Fest. Corporate volunteers assist at events and on service projects. Our partners are acknowledged in our Annual Report, on all marketing material, at Hooked on Nature, and on our website, social media, and newsletters.
- **Individual Partners** donate annually (\$2,500+) and are invited to events, workshops, and service days. Our partners are acknowledged in our Annual Report and at our website.
- **Event Sponsors** donate to specific events, like the Kids Fishing Fest, Hooked on Nature, Columbia River Watershed Fest, and Family Nature Fest (\$500-5,000). Our sponsors are acknowledged at the event, on our website, and on marketing material for the event.
- **In kind Donations** from corporations and individuals are essential for our events. Donations of refreshments, gift items, and auction prizes for our fundraiser make our events successful. The value of in kind donations is tax deductible.

Thank you for your support!

Sincerely,

Maureen Montague  
Executive Director
